Help someone smile by protecting yours! Searching for a cure!

BENEFITTING

CURESEARCH
FOR CHILDREN'S CANCER

Dr. Brian Loftus and his entire team at Easton Orthodontics are making custom mouthguards for 2 great reasons...

Protecting your teeth, and finding a cure for children's cancer!

The mouthguards come in a variety of colors and are **customized** to fit your teeth perfectly. The process involves taking an impression of the upper teeth. We also have an option for customizing the mouthguards without an impression... please ask us for details!

The cost for each mouthguard is \$40 (typical cost is \$75), and this **entire amount will be donated to Cure Search**, which funds pediatric cancer research.

Please call Easton Orthodontics at (610) 252-5224 for more information and to schedule an appointment for your protective mouthguard.

We look forward to seeing you!
